

SMALL VOLUME JET NEBULIZERS

LATEX FREE | SINGLE PATIENT USE

The Salter small volume jet nebulizers provide reliable, cost effective aerosol therapy. The T-Piece option features an anti-drool "T" for extended, uncontaminated use. The high output of the T-Piece provides a fast treatment time of under 7 minutes. With multiple configurations, Salter nebulizers provide reliable therapy in both hospital and home environments.

- The Salter nebulizer has multiple configurations that can provide reliable therapy in a hospital or at home
- Each kit offers ready-to-use access with one or all of these various accessories:
 - O₂ supply tubing
 - Trumpet or thread grip O₂ connector
 - Reservoir tubing
 - T-Piece connector
 - Mouthpiece
 - Pediatric mask
 - Adult mask
